Summary

I am passionate about learning new technologies and eager to tackle complex problems, constantly seeking ways to enhance user efficiency.

Experience

Asan Pardakht Persian | Tehran, Iran | Front End Developer

February 2023 - Present

- Implemented the vehicle authenticity inquiry feature for trade-in, used by approximately 20 million users.

- Established automatic payment for insurance purchases and toll payments.

- Redesigned the project components to align with the new design system, which improved user engagement.

Job Vision | Tehran, Iran | Front End Developer

July 2021 - February 2023

- Developed the front end of the Cando applicant tracking system entirely from the ground up. Cando captured the entire market successfully.

- Participated in an agile team of ten members to provide clients with holistic solutions.

- Created features, expanded functionalities, and enhanced capabilities within the ATS.

Bazdeh Journal | Tehran, Iran | Front End Developer

April 2019 - July 2021

- Enhanced rental contract functionalities through Angular 7 and Ionic Framework, implementing digital authentication, resulting in a 31 percent increase in customer adoption.

- Contributed over 40 reusable Angular components that have become integral to the organization's operations.

- Constructed the Bazdeh Journal website through WordPress, engaging with various WordPress themes, installing plugins, and customizing designs.

EMji | Tehran, Iran | Front End Developer Intern

June 2017- July 2018

- Worked alongside experienced developers to enhance my skills in web development.

- Involved in the Emji application development using React Native, in close cooperation with fellow developers.
